ABOUT ME

A passionate and driven Computer Engineering graduate with a strong foundation in Web Development, Networking, and Artificial Intelligence. Seeking an entry-level role where I can contribute to innovative projects, sharpen my technical skills, and grow as a developer. Eager to work in a collaborative environment that encourages continuous learning and leverages cutting-edge technologies to solve real-world problems.

EXPERIENCE

INTERNSHIP AT ASHAMAN FOUNDATION (REMOTE) — APR 2022 TO MAY 2022

- Collected donations remotely to support the foundation's initiatives.
- Raised funds to help divorced women through Ashaman Foundation programs.

SSPM COMMUNITY WEB APP

FRONTEND DEVELOPER | MERN STACK

- Built responsive frontend using React.js and Bootstrap.
- Focused on creating responsive UI components, smooth user navigation, and seamless data display from backend APIs.
- Helped bridge the communication gap between students and alumni, promoting mentorship and networking opportunities.
